

Leeds Investment & Trading Group

Weekly Meetings

Our main offering to students is our roundtable discussions, held every other Wednesday from 5:00 to 6:00pm in the Koelbel building, please email for the most up to date meeting room. Casual and informal, they provide members with an open-minded forum to discuss investing, markets, finance, and business in an approachable way. Meetings are open to everyone!

Analyst Program

The Analyst Program is a 9-week course that covers accounting, financial statement analysis, DCF valuation, comparable companies valuation, financial markets, data platforms (Bloomberg and Capital IQ), portfolio theory and management, and derivative securities. Applications are open to any student that is not a first-semester freshman and/or has more than two semesters remaining at CU. The Analyst Program is application only and serves as a prerequisite for membership on the Investment Team.

Investment Team

In collaboration with the Burrige Center for Finance, the Leeds Investment & Trading Group actively manages a ~\$370,000 portfolio of equities. Members of the LITG Investment Team are placed into one of six sectors and make buy and sell recommendations semester-by-semester.

Contact Us For More Information

If you want to be a part of LITG, then join our mailing list [here](#)! We send out meeting information, guest speaker news, and other updates through our weekly emails.

If you have any questions, please send us an email at litgroup@colorado.edu. We will get back to you ASAP!
